

Workshop No. 2 - Application Design and UI Progress

Software Engineering Seminar

Universidad Distrital Francisco José de Caldas
Systems Engineering Program

Presented by:

Brayan Alejandro Riveros Rodríguez
20201020084

Carlos Andrés Pescador Castro
20182020139

Cristian Santiago Ríos Vásquez
20201020107

Bogotá D.C., Colombia

October 16, 2025

1 Class Diagrams

This section presents the UML class diagrams that describe the structure of the application, including its main classes and their relationships.

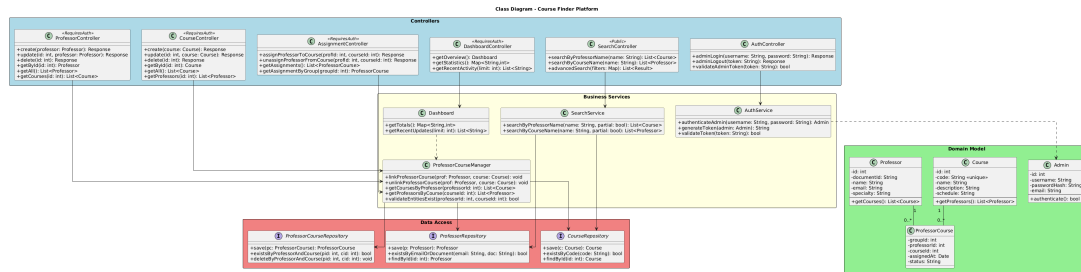

Figure 1: Main Class Diagram

2 Architecture Diagram

This section illustrates the overall system architecture, showing how different layers and components interact with each other.

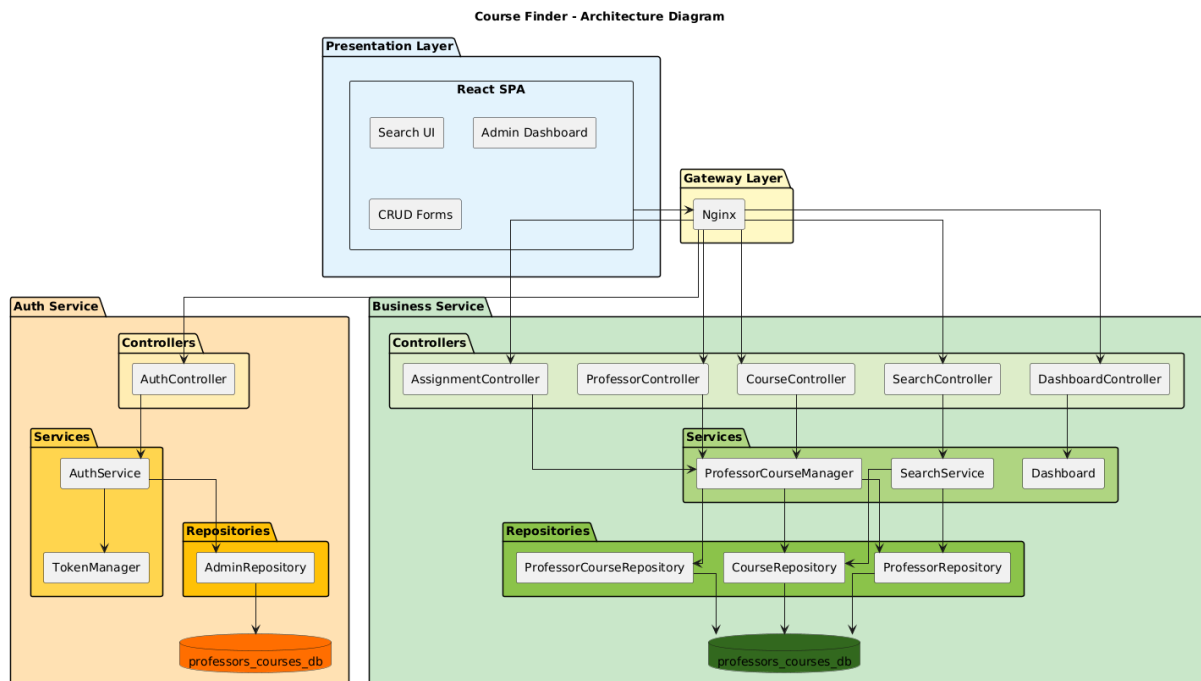

Figure 2: System Architecture Diagram

3 Deployment Architecture

This section provides the deployment model, showing the physical components, servers, and environment where the application is hosted.
